Conversation Controlling Lemon

Are you one of those people who opens their mouth only to discover you say the wrong thing? If this is you then the Conversation Controlling Lemon will change the way you socialize forever! When you feel a comment coming on pop it in your mouth and wait for the acidity to kick in. Not only does the lemon render you speechless by being inserted into your mouth, but the juice will also keep you silent for at least another five minutes. This action will ensure the thought will have passed and you no longer feel the need to interject. The lemon can be cut into pieces - make sure they are large enough to fill your mouth - on average you will have four single uses for the price shown, that's nothing an evening. If you're a real chatterbox you will save that money in drink and snacks, as you will be unable to consume the same amount as usual. The Conversation Controlling Lemon is also available with gift wrapping and a personalized card, share with all your friends and family, mainly those who don't know when to keep quiet. At such a low price this is the perfect secret Santa gift. Remember, lemons aren't just for Christmas, they're for life, a quieter, more reasonable, and un-opinionated one.

Snow Delivered To Your Door

By Steam Train Direct From The North Pole We can deliver you the perfect Christmas gift of all. Imagine waking up to that white Christmas you have been dreaming of since you were a child. Your snow will be loaded on to our exclusive snow train and transported across the globe in time for the big day. In a few simple steps, your snow will be ready to scatter in the areas of your choosing. "Make sure you have an extra large freezer before delivery. "Decant the liquid into small plastic tubs (there is some loss of molecular structure during transit). "Allow 3 days for it to refreeze. "Chop away at each block until the ice resembles snowflakes. "Scatter snow. Yes! It really is that easy. You will be the envy of all your neighbors unless you let them in on the secret. We offer a 10% discount on future purchases for every referral we receive from you. Snow isn't just for Christmas either, we deliver all year round, that's 365 days of the year. Remember to order before your existing snow melts, and allow 3 days to prepare the new batch to avoid disappointment.
